**New Essential Special Tool: EVAP Leak Detection Equipment**

**Background**

To assist with diagnosing leaks in the enhanced EVAP systems on later style engine management systems, the following equipment is now an essential special tool for Saab dealers.

---

Evaporative Cart J41413	\$885.00
Gas Cap Filler Adapter J41415-30	\$14.95
Leak Detector J41416	\$405.00
EVAP Port Adapter J43156	\$6.00

---

See SI 234-1746 for instructions on using this equipment.

Kent-Moore will be shipping this equipment to all Saab dealers on or about October 6, 1997. Billing will take place on your October 25, 1997 parts statement. California dealers received this equipment earlier and will only be receiving the J43156 EVAP port adapter at this time.
