### Compressor oil

#### Cars concerned

All Saab cars with R134a refrigerant.

#### Background

**Type signal 16** must now be specified when ordering compressor oil. Each pack contains 12 tubes with 20 ml compressor oil in each.

Different compressor oils are required for different compressors when repairing and recharging R134a refrigerant.

The table below shows car model, compressor make, type of oil and part number.

Car model	Compressor	Oil	Part Number
9000	Seiko-Seiki	PAG-ISO 100	16-40 74 787
9000	Sanden	PAG-ISO 46	16-47 59 106
900	Seiko-Seiki	PAG-ISO 100	16-40 74 787
900/9-3	Sanden	PAG-ISO 46	16-47 59 106
9-3 Diesel	Harrison	PAG-ISO 100	16-40 74 787
9-5	Denso	PAG-ISO 46	16-47 59 106

#### Procedure

##### Saab 900 and 9000 with R12 refrigerant or converted from R12 to R134a

The following synthetic ester oil should be used on cars with R12 refrigerant or R12 to R134a conversions:

Retro 100 ISO-VG100 - part number 10-45 42 890
